to fuel his vehicle and buy snacks. During his visit to the Facility, Plaintiff personally encountered barriers (both physical and intangible) that interfered with, if not outright denied, Plaintiff's ability to use and enjoy the goods, services, privileges and accommodations offered at the Facility. These barriers include, but are not necessarily limited to, the following:

- There is no properly configured and identified accessible parking in the Facility's parking lot. Plaintiff wanted to park in a parking stall so that he could take his time while going into the store to purchase snacks. Upon arrival, Plaintiff was unable to locate any designated accessible parking and had to leave his vehicle at the fuel pump while he went into the store. When he was leaving, he realized that there was what appeared to be a designated accessible parking stall in the corner of the lot, but it lacked signage and a visible access aisle. Plaintiff also observed that the designated accessible parking was not connected to the store entrance via an accessible route. The lack of access aisle and accessible route would have made it difficult for Plaintiff to use the designated accessible parking stall, even if he had been able to find it.
- b) There is no accessible route from the fuel pumps to the Facility entrance. From the fuel pump where Plaintiff had to leave his vehicle, he could not find an accessible route to reach the store entrance. It was difficult for him to navigate around vehicles that were parked at the pumps and in front of the store, while also trying to avoid the large cracks and potholes that were on the surface of the route. Plaintiff is deterred from returning to the Facility at night, because he knows that the lighting conditions would make it dangerous for him to try to wheel over the uneven surface as a sudden change in level can tip his wheelchair over. Additionally, the curb ramp was built-up and projected into the vehicular way, and the ramp's bottom landing was obstructed by a vehicle in a parking stall, making the ramp hard for Plaintiff to use.

11. There may exist other barriers at the Facility which relate to Plaintiff's disabilities, and he will seek to amend this Complaint once such additional barriers are identified as it is Plaintiff's intention to have all barriers which exist at the Facility and relate to his disabilities removed to afford him full and equal access.

- 12. Plaintiff was, and continues to be, deterred from visiting the Facility because Plaintiff knows that the Facility's goods, services, facilities, privileges, advantages, and accommodations were and are unavailable to Plaintiff due to Plaintiff's physical disabilities. Plaintiff enjoys the goods and services offered at the Facility, and will return to the Facility once the barriers are removed.
- 13. Defendants knew, or should have known, that these elements and areas of the Facility were inaccessible, violate state and federal law, and interfere with (or deny) access to the physically disabled. Moreover, Defendants have the financial resources to remove these barriers from the Facility (without much difficulty or expense), and make the Facility accessible to the physically disabled. To date, however, Defendants refuse to either remove those barriers or seek an unreasonable hardship exemption to excuse non-compliance.
- 14. At all relevant times, Defendants have possessed and enjoyed sufficient control and authority to modify the Facility to remove impediments to wheelchair access and to comply with the 1991 ADA Accessibility Guidelines and/or the 2010 ADA Standards for Accessible Design. Defendants have not removed such impediments and have not modified the Facility to conform to accessibility standards. Defendants have intentionally maintained the Facility in its current condition and have intentionally refrained from altering the Facility so that it complies with the accessibility standards.
- 15. Plaintiff further alleges that the (continued) presence of barriers at the Facility is so obvious as to establish Defendants' discriminatory intent. On information and belief, Plaintiff avers that evidence of this discriminatory intent includes Defendants' refusal to adhere to relevant building standards; disregard for the building plans and permits issued for the Facility; conscientious decision to maintain the architectural layout (as it currently exists) at the Facility; decision not to remove barriers from the Facility; and allowance that Defendants'

2	and belief, that the Facility is not in the midst of a remodel, and that the barriers present at the
3	Facility are not isolated or temporary interruptions in access due to maintenance or repairs.

6	Denial of "Full and Equal" Enjoyment and Use

17. Title III of the ADA holds as a "general rule" that no individual shall be discriminated against on the basis of disability in the full and equal enjoyment (or use) of goods, services, facilities, privileges, and accommodations offered by any person who owns, operates, or leases a place of public accommodation. 42 U.S.C. § 12182(a).

18. Defendants discriminated against Plaintiff by denying Plaintiff "full and equal enjoyment" and use of the goods, services, facilities, privileges and accommodations of the Facility during each visit and each incident of deterrence.

Failure to Remove Architectural Barriers in an Existing Facility

- 19. The ADA specifically prohibits failing to remove architectural barriers, which are structural in nature, in existing facilities where such removal is readily achievable. 42 U.S.C. § 12182(b)(2)(A)(iv).
- 20. When an entity can demonstrate that removal of a barrier is not readily achievable, a failure to make goods, services, facilities, or accommodations available through alternative methods is also specifically prohibited if these methods are readily achievable. <u>Id.</u> § 12182(b)(2)(A)(v).
- 21. Here, Plaintiff alleges that Defendants can easily remove the architectural barriers at the Facility without much difficulty or expense, that the cost of removing the architectural barriers does not exceed the benefits under the particular circumstances, and that Defendants violated the ADA by failing to remove those barriers, when it was readily achievable to do so.

Case 5:23-cv-02438-NC Document 1 Filed 05/18/23 Page 6 of 10

22. In the alternative, if it was not "readily achievable" for Defendants to remove 1 2 the Facility's barriers, then Defendants violated the ADA by failing to make the required 3 services available through alternative methods, which are readily achievable. Failure to Design and Construct an Accessible Facility 4 23. 5 Plaintiff alleges on information and belief that the Facility was designed and constructed (or both) after January 26, 1993 - independently triggering access requirements 6 7 under Title III of the ADA. 8 24. The ADA also prohibits designing and constructing facilities for first occupancy 9 after January 26, 1993, that aren't readily accessible to, and usable by, individuals with 10 disabilities when it was structurally practicable to do so. 42 U.S.C. § 12183(a)(1). 11 25. Here, Defendants violated the ADA by designing and constructing (or both) the 12 Facility in a manner that was not readily accessible to the physically disabled public – 13 including Plaintiff – when it was structurally practical to do so.¹ 14 Failure to Make an Altered Facility Accessible 15 26. Plaintiff alleges on information and belief that the Facility was modified after 16 January 26, 1993, independently triggering access requirements under the ADA. 17 27. The ADA also requires that facilities altered in a manner that affects (or could 18 affect) its usability must be made readily accessible to individuals with disabilities to the 19 maximum extent feasible. 42 U.S.C. § 12183(a)(2). Altering an area that contains a facility's 20 primary function also requires making the paths of travel, bathrooms, telephones, and drinking 21 fountains serving that area accessible to the maximum extent feasible. <u>Id</u>. 22 28. Here, Defendants altered the Facility in a manner that violated the ADA and 23 was not readily accessible to the physically disabled public – including Plaintiff – to the 24 maximum extent feasible. 25

¹ Nothing within this Complaint should be construed as an allegation that Plaintiff is bringing this action as a private attorney general under either state or federal statutes.

Failure to Modify Existing Policies and Procedures

- 29. The ADA also requires reasonable modifications in policies, practices, or procedures, when necessary to afford such goods, services, facilities, or accommodations to individuals with disabilities, unless the entity can demonstrate that making such modifications would fundamentally alter their nature. 42 U.S.C. § 12182(b)(2)(A)(ii).
- 30. Here, Defendants violated the ADA by failing to make reasonable modifications in policies, practices, or procedures at the Facility, when these modifications were necessary to afford (and would not fundamentally alter the nature of) these goods, services, facilities, or accommodations.

Failure to Maintain Accessible Features

- 31. Defendants additionally violated the ADA by failing to maintain in operable working condition those features of the Facility that are required to be readily accessible to and usable by persons with disabilities.
- 32. Such failure by Defendants to maintain the Facility in an accessible condition was not an isolated or temporary interruption in service or access due to maintenance or repairs.
- 33. Plaintiff seeks all relief available under the ADA (i.e., injunctive relief, attorney fees, costs, legal expense) for these aforementioned violations. 42 U.S.C. § 12205.
- 34. Plaintiff seeks a finding from this Court (i.e., declaratory relief) that Defendants violated the ADA in order to pursue damages under California's Unruh Civil Rights Act.

VII. SECOND CLAIM

Unruh Act

- 35. Plaintiff re-pleads and incorporates by reference the allegations contained in each of the foregoing paragraphs, and incorporates them herein as if separately re-pled.
- 36. California Civil Code § 51 states, in part, that: All persons within the jurisdiction of this state are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all business establishments of every kind whatsoever.

- 37. California Civil Code § 51.5 also states, in part that: No business establishment of any kind whatsoever shall discriminate against any person in this state because of the disability of the person.
- 38. California Civil Code § 51(f) specifically incorporates (by reference) an individual's rights under the ADA into the Unruh Act.
- 39. Defendants' aforementioned acts and omissions denied the physically disabled public – including Plaintiff – full and equal accommodations, advantages, facilities, privileges and services in a business establishment (because of their physical disability).
- 40. These acts and omissions (including the ones that violate the ADA) denied, aided or incited a denial, or discriminated against Plaintiff by violating the Unruh Act.
- 41. Plaintiff was damaged by Defendants' wrongful conduct, and seeks statutory minimum damages of \$4,000 for each offense.
- 42. Plaintiff also seeks to enjoin Defendants from violating the Unruh Act (and ADA), and recover reasonable attorneys' fees and costs incurred under California Civil Code § 52(a).

VIII. THIRD CLAIM

Denial of Full and Equal Access to Public Facilities

- 43. Plaintiff re-pleads and incorporates by reference the allegations contained in each of the foregoing paragraphs, and incorporates them herein as if separately re-pled.
- 44. Health and Safety Code § 19955(a) states, in part, that: California public accommodations or facilities (built with private funds) shall adhere to the provisions of Government Code § 4450.
- 45. Health and Safety Code § 19959 states, in part, that: Every existing (nonexempt) public accommodation constructed prior to July 1, 1970, which is altered or structurally repaired, is required to comply with this chapter.
- 46. Plaintiff alleges the Facility is a public accommodation constructed, altered, or repaired in a manner that violates Part 5.5 of the Health and Safety Code or Government Code § 4450 (or both), and that the Facility was not exempt under Health and Safety Code § 19956.

1	47.	Defendants' non-compliance with these requirements at the Facility aggrieved
2	(or potentially	aggrieved) Plaintiff and other persons with physical disabilities. Accordingly,
3	Plaintiff seeks	injunctive relief and attorney fees pursuant to Health and Safety Code § 19953.
4		IX. PRAYER FOR RELIEF
5	WHEF	REFORE, Plaintiff prays judgment against Defendants, and each of them, for:
6	1.	Injunctive relief, preventive relief, or any other relief the Court deems proper.
7	2.	Statutory minimum damages under section 52(a) of the California Civil Code
8		according to proof.
9	3.	Declaratory relief finding that Defendants violated the ADA for the purposes of
10		Unruh Act damages.
